SHIMMER PEARL *Effect*

A delicate yet daring design with a pearl finish that creates a stunning effect throughout any project. The shimmering effect and superb colours are very popular for pools due to the movement of colour that reflects light and shade. Décor projects that require a sophisticated and elegant style are perfect for this range.

MANHATTAN

World class tiles offering a unique, revolutionary, technically advanced system since 1991 to ensure uniform reliable adhesion for mosaic tile installation on pool surfaces.

A stand out choice for surface adhesion and reliability when comparing mesh back tiled which are prone to weaken, loosen and fall off pool walls.

TIMELESS

Glass Mosaic

Almost as old as civilisation itself, glass making is one of the most ancient - and today - most advanced crafts of Turkey. Dedication to this fine art is showcased in beautiful examples of lamp globes, chandeliers and coloured windows crafted by the Anatolian Seljuks. The progression of the artisan's delicate skills and creativity are highlighted in the period of the Ottoman Empire.

Acknowledging our forefather's commitment to a once ancient art, Glass Mosaic Pool Art has utilised twentieth century technologies to offer an elegant, durable and timeless finish for pools & water features.
